## PRODUCT DESCRIPTION

### The future is circular, become a part through Tolerate Recycling

The TPU case in Tolerate Wallet can be recycled via Tolerate's own take-back model: Tolerate Recycling.
When you choose to return your used Tolerate Wallet to us, you start a circular process where parts of your product become raw material to create something new and useful.
Learn more about Tolerate Recycling here.

### Versatile and practical

With the foldable back, you can set your phone in landscape mode, perfect for watching movies or sharing pictures with friends and family. The wallet has plenty of storage with three card slots and a bill compartment, giving you an all-in-one solution for everyday convenience.

### Fully compatible

Tolerate Wallet is fully compatible with Tolerate Glass Screen Protector, providing you with a complete solution and comprehensive protection for your device.

### Reduce waste with every purchase

By choosing Tolerate, you say goodbye to traditional blister packaging and welcome our smart bulk packaging instead. You become an active part of reducing waste and take a step towards a more sustainable future.

Tolerate delivers products in bulk packaging made from recycled plastic, the more environmentally friendly plastic option.

### Protect smart, together we can make a difference!

### Instructions for recycling:

The product can be partially recycled via Tolerate's circular management* or sorted as: Residual waste (Not recyclable)
The packaging is sorted as: Plastic packaging

by offering take-back of the mobile cases that Tolerate has put on the market, the opportunity to reuse the material for the production of new products is provided. Through cooperation with leading retailers and lifecycle management companies, Tolerate can ensure the take-back of used mobile cases in a simple and efficient manner. In this way, Tolerate can offer a closed circular economy.
