

## **TOLERATE AROUND-EAR HEADPHONE ANC-68**

**SKU:** ED800499

### **High-quality headphones for an excellent sound experience**

The Tolerate Around-Ear Headphone ANC-68 delivers impressive sound quality that takes your experience to the next level whether you're on a phone call or listening to your favorite music. Thanks to the advanced Active Noise Cancellation technology, the ANC-68 eliminates unwanted background noise. This means you can enjoy your content without interruptions.

---

## **PRODUCT DESCRIPTION**

### **Practical Case**

The headphones come in a sleek and durable case made of EVA material, making it easy to take them everywhere, so you always have them readily available.

### **Comfortable and Long-lasting Use**

The smart design with comfortable material choices, such as soft and well-fitting ear cushions, offers superior comfort throughout the use. The adjustable headband can easily be adapted to ensure a comfortable fit for you.

### **Long Battery Life**

With a powerful 750 mAh battery and active noise cancellation (ANC ON), you can enjoy up to 40 hours of playtime at 50% volume. If you disable active noise cancellation (ANC OFF), the battery life is extended to up to 50 hours at the same volume level. Charging is easily done via the included USB-C cable.

### **Transparent Mode**

When needed, the headphones can also be set to a transparent mode that allows surrounding sounds to come through, which is useful when you need to be aware of what's happening around you, for example, in traffic.
